to me, Travis

Hi Paul,

I have had a chance to review the attached letter. We would like to request an extension to address the comments on Beef Hollow from September 20, 2016 to October 20, 2016 to better prepare our responses. We would also like to meet with you to discuss the procedures of answering the comments and how the Division of Oil, Gas, and Mining Board would hear the commenters requests.

Thank you,

Mike Dalley

to Mike

Mike--

I spoke with Dana about this, and we will extend the deadline as you requested.
